

Game Day Report – Tuesday 17th February 2026

Hi All

Tuesday was **HOT** and **WINDY**

With a temperature forecast of 37degrees we opted to change the game format from multiplier to Gensomes as this is a quicker format. We ended up with a field of 49 participants AND as usual the bandits came out to play, we have added them to the list from our first Gensomes round earlier in the year; the first-round leader Peter Dalton again featuring in this week's bandits list (see below)

Our sponsor this week was **THE FAT CHEF**

We remind ALL Totts participants that we start preparing teams on Monday evening, we again check Mlclub bookings very early on Tuesday morning to pick up any late changes. If you change an existing booking after 7.00pm please let John Tessier and / or Roger Clark know via EMS. This is mandatory for any changes on comp day

Please advise the PRO SHOP as per club rules, but you **MUST** also let John and / or Roger know as the PRO SHOP are not advising us of any changes as we (TOTTS) are running the competition on the day. We have recently had instances where some players have cancelled on Tuesday and informed the pro shop, but we have not been informed and are still waiting for these people to turn up and register. Because so many leave registration till the last minute, this causes us issues with team structures and last-minute adjustments

So please be fair to ALL players who have done the right thing and let us know early if you cancel
